ABOUT THE BOOK

A fearful mom finds faith battling for her daughter's life against odds in a raw but inspirational true journey of trial and triumph.

Jenny's infant daughter, Faith, is diagnosed with a rare and serious heart condition leaving odds for survival grim. Jenny, a new Christian, digs heels in on a God-quest in search of the child-like faith God wants her to have. The duo battles their way through six radical open-heart surgeries over the course of eighteen years.

After Jenny's husband dies unexpectedly, fear takes hold. Faith requires two more major heart operations. The battle between life and death continues while they stand in perseverance and cling to hope.

Tribulations grow bigger, but God shines brighter as He intricately weaves victory through the battlefield. God reveals His power in unimaginable ways.

REVIEWS

"In "The Journey of Faith ...", Jenny Muscatell shares her and her family's true story, highlighting greatness within the healthcare system (flames of good to be fanned), opportunities to improve the system, the strength of family, the kindness of friends already known and friends soon to be met, Jenny's own personal strength, the courage of her daughter so aptly named Faith, and so much more --- all through the power of our Father and our Savior, the Lord Jesus Christ.

Jenny and Faith (and their entire amazing family) keep moving forward through overwhelming challenge and loss - with unwavering focus on the love of Jesus.

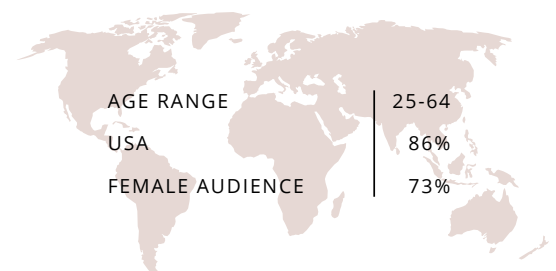

Their story, their courage, their love will inspire you. Will teach you. And will shine a light on the true Light of God, His Word, and how through Him all things are possible."
